CCT Bench Scale

Description:

Ideal for use in warehouses, manufacturing processes, and production facilities, the CCT bench counting scale is practical for any counting application. Quickly check the number of pieces in a carton or container, helping reduce waste when filling orders or packaging shipments. Intuitive software is user-friendly and keeps track of the count, automatically optimizing the unit weight for greater accuracy. The programmable backlit display can be customized to be "always on," "always off" or to light only when weighing.

Features:

• Backlit LCD shows weight, unit weight and count in one convenient location
• Color-coded keys facilitate quick recognition of the most frequently used buttons
• RS-232 or Optional USB interface is available to provide speedy connection to computers and printers
• Solid ABS housing is durable for industrial use
• Adjustable leveling feet help optimize setup
• Built-in memory for storing products and settings
• External calibration allows for verification and adjustment with weights
• Internal counting resolution 1:600,000 for precise results
• Parts counting optimization automatically refines piece weight as parts are added
• Parts counting with freely selectable sample sizes
• Preset tare function speeds the process of repetitive weighing
• Programmable for counting to a preset number of parts
• AC adapter included
• Programmable auto power-off to save energy
• Rechargeable battery included for operation almost anywhere
