Description:

Sepor annealing trays can be fabricated from mild steel or 304 stainless steel. Our standard tray is 26.5 x 17.5 x 1.5 cm and are available in the following configurations: 28 - 2.5 cm diameter holes, 24 - 2.8 cm diameter holes, 20 - 3.2 cm diameter holes and 20 - 3.68 cm diameter holes. Custom configurations can be fabricated upon request. Standard stacking spacers are 5.4 cm tall and can be cut by the end user to the desired size or specify desired size at time of order. Trays are shipped with stacking spacer uninstalled to reduce shipping dimensions.
